

Limited English Proficiency Plan

Updated: November 2020

INTRODUCTION

This *Limited English Proficiency Plan* has been prepared to address the City of West Fargo responsibilities as a sub recipient of federal financial assistance as they relate to the needs of individuals with Limited English Proficiency language skills. The plan has been prepared in accordance with Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d, et seq, and its implementing regulations, which state that no person shall be subjected to discrimination on the basis of race, color or national origin.

Executive Order 13166, titled ***Improving Access to Services for Persons with Limited English Proficiency***, indicates that differing treatment based upon a person's inability to speak, read, write or understand English is a type of national origin discrimination. It directs each agency to publish guidance for its respective recipients clarifying their obligation to ensure that such discrimination does not take place. This order applies to all state and local agencies, which receive federal funds, including City of West Fargo and its sub recipients.

PLAN SUMMARY

The City of West Fargo has developed this Limited English Proficiency Plan to help identify reasonable steps for providing language assistance to individuals with Limited English Proficiency (LEP) who wish to access services provided. As defined in Executive Order 13166, LEP individuals are those who do not speak English as their primary language and have limited ability to read, speak, write or understand English. This plan outlines how to identify a person who may need language assistance, the ways in which assistance may be provided, staff training that may be required, and how to notify LEP individuals that assistance is available.

In order to prepare this plan, the City of West Fargo used the four-factor LEP analysis, which considers the following factors:

1. The number or proportion of LEP persons served or encountered in the eligible service population.
2. The frequency with which LEP individuals encounter the program, activity, or services.
3. The nature and importance of the program, activity, or service provided by the program.
4. The resources available to the recipient and costs.

NUMBER OF LEP POPULATION IN THE ELIGIBLE SERVICE POPULATION

The City of West Fargo is a local public agency with a defined service area as follows: areas within the boundaries of the City of West Fargo. Services may be provided by a specific area as follows: police, fire, administration, public works, library and municipal court. The City of West Fargo defined service area does not include the public school district or the park district.

City of West Fargo attempted to identify LEP minority populations that are eligible beneficiaries that may be underserved because of existing language barriers. The following data was identified from sources such as census, school systems, religious organization, community organizations, community agencies, and state and local governments.

City of West Fargo consulted additional data sources:

Nature and importance of services provided by the City of West Fargo to the LEP population.

City of West Fargo determined the importance of its services for the LEP population in its service area by reviewing and considering the following factors including the identification of vital documents.

IDENTIFICATION OF VITAL DOCUMENTS

- A document will be considered vital if it contains information that is critical for obtaining the federal services and/or benefits, or is required by law.
- Examples:
 - Applications
 - Consent and complaint forms,
 - Notices of rights and disciplinary action
 - Notices advising LEP persons of the availability of free language assistance
 - Written tests that assess competency for a particular license, job, or skill for which English competency is not required
 - Letters or notices that require a response from the beneficiary or client
 - Larger documents, translation of vital information contained within the document will suffice and need not be translated in its entirety.
 - Outreach docs: Continually survey/assess the needs of eligible service population to determine what outreach materials are critical to translate.

City of West Fargo provides a Request for Reasonable Accommodations form for individuals to request services for oral or written translations as determined by the Four-Factor Analysis or defined by Safe Harbor requirements. Safe Harbor applies to written translations only.

Vital documents will be translated when a significant number of percentage of the population eligible to be served, or likely to be directly affected by the program/activity, needs services or information in a language other than English to communicate effectively.

If the English language version is posted on City of West Fargo website, the translation will be posted on the website.

City of West Fargo considered the importance of immediate and long-term effects of a delay in written translations. Most services have several days to weeks allowed for comment or completion.

Failure to provide written translation under these cited circumstances does not mean that the City of West Fargo is in noncompliance; rather, it provides a starting point for City of West Fargo to consider in relation to the Four Factors.

Immediate oral telephonic interpreter services are provided free.

- ACTION ITEM: The City of West Fargo to develop a standard list of vital documents and languages to translate by June 1, 2021.

RESOURCES AVAILABLE TO LEP POPULATION

Telephonic Interpreter Services

City of West Fargo uses LanguageLine Services, Inc. for telephonic interpreter services.

- City of West Fargo set up a LanguageLine Services, Inc. agreement with the two telephone based interpreter services to provide immediate interpreter services at no cost to LEP individuals statewide.
 - From August 2019 through August 2020, the service was accessed at least 25 times for at least 344 minutes at a total cost of \$740.64.
- ACTION ITEM: The City of West Fargo to train all departments in the use and availability of the LanguageLine Services, Inc. telephonic interpreter services by June 1, 2021.

Written Translation

The City of West Fargo will identify and contact several written translation service providers for vital documents such as Title VI forms, the LEP, budgets, and city ordinances. The City of West Fargo will prioritize the needs so that language services are targeted where most needed because of the nature and importance of the activity.

Resource and cost issues can be reduced by creating uniform documents and templates. Using qualified translators and interpreters to ensure that documents need not be fixed later that inaccurate interpretations do not cause delay. When revisions occur, it will most likely be due to an ordinance or procedural change which cannot be predetermined.

- ACTION ITEM: The City of West Fargo to identify and contract at least two written translation service providers by June 1, 2021.

Interpreter Services

- ACTION ITEM: The City of West Fargo to identify and contract at least one interpreter service by June 1, 2021.

Language Assistance

A person who does not speak English as their primary language or who has a limited ability to read, write, speak or understand English may be a Limited English Proficient person and may be entitled to language assistance with respect to City of West Fargo services.

Language assistance can include interpretation, which means oral or spoken transfer of a message from one language into another language and/or translation, which means the written transfer of a message from one language into another language.

After applying the four-factor analysis, City of West Fargo has examined the following language assistance options and identified which methods will provide City of West Fargo with an effective LEP Plan. Based on documented interactions, Spanish-speaking individuals are most frequently encountered by City of West Fargo. Census data indicates that the City of West Fargo should also expect to encounter LEP individuals who speak African languages.

Selecting Language Assistance Services

Oral Language Services

Using telephone interpreter lines offer prompt interpreting assistance in many different languages.

- LanguageLine Services, Inc.

240+ languages available on-demand

Has additional services available for video teleconferencing and written translation.

- Contracting for Interpreters

The North Dakota Courts has an interpreters list available for independent contractors.

Use of family members, friends, other customers/passengers as interpreters

City of West Fargo allows at the request of LEP individual, if they are not willing to speak with an interpreter provided by City of West Fargo.

Written Language Services

Translation of Documents A “safe harbor” provision regarding the translations of documents is provided by the Department of Justice. The DOJ suggests providing written translations of vital documents for each eligible LEP language group that constitutes 5% or 1,000, whichever is less, of the population of persons eligible to be served or likely to be affected or encountered. The safe harbor provision applies to the translation of written documents only.

Written translations would not be effective or useful for people with low literacy in their language. The literacy level should be determined.

For ‘vital’ City of West Fargo documents, if there are fewer than 50 persons in a language group (that reaches 5% of the population of persons eligible to be served or likely to be affected or encountered), the City of West Fargo does not translate ‘vital’ written materials but will provide written notice in the primary language of the LEP language group of the right to receive competent oral interpretation of those written materials, free of cost.

- Identification of Vital Documents

A document will be considered vital if it contains information that is critical for obtaining the federal services and/or benefits, or is required by law.

Examples:

- Applications
- Consent and complaint forms
- Notices of rights and disciplinary action
- Notices advising LEP persons of the availability of free language assistance
- Written tests that assess competency for a particular license, job, or skill for which English competency is not required
- Letters or notices that require a response from the beneficiary or client
- Larger documents, translation of vital information contained within the document will suffice and need not be translated in its entirety.
- Outreach docs: difficult to determine if vital- lack of awareness may effectively deny LEP persons access. It is important to continually survey/assess the needs of eligible service population to determine what outreach materials are critical to translate.

Failure to provide written translation under these cited circumstances does not mean that the sub recipient is in noncompliance; rather, it provides a starting point for sub recipients to consider in relation to the Four Factors.

LANGUAGE ASSISTANCE MEASURES

City of West Fargo employees will inform all LEP individuals attempting to access services that the City of West Fargo provides free interpreter services upon request for their interactions with the City of West Fargo.

When City of West Fargo receives a request or identifies a need for services, City of West Fargo will make every effort to provide the services in a timely manner. City of West Fargo will pay for interpreter services and translation of vital documents as necessary.

- Request For Reasonable Accommodations form is available to request oral interpretation and written translation services.
- The public is notified of LEP services via Press Releases, newspaper ads, and advocacy groups, notices in division/district manual, posters, driver's license study guides, Environmental Justice Brochure.

MONITORING

Monitoring and Updating the LEP Plan - The City of West Fargo will update the LEP Plan as required. At a minimum, the plan will be reviewed and updated when data from the 2020 U.S. Census is available, or when it is clear that higher concentrations of LEP individuals are present in City of West Fargo service area. Updates will include the following:

- The number of encountered LEP persons, by language who received language assistance services annually.
- The frequency of encounters with LEP persons
- The current/primary language of LEP populations in the service area.
- Whether the need for translation services has changed.
- Whether local language assistance programs have been effective.
- Whether the City of West Fargo financial resources are sufficient to fund language assistance resources needed.
- Determine whether the City of West Fargo fully complies with the goals of this LEP Plan.
- Determine the number and type of complaints received concerning the needs of LEP individuals.
- Whether staff are knowledgeable about City of West Fargo LEP procedures.
