# Tree Planting Permit

## Required for boulevard tree planting only

This permit is required prior to planting any boulevard tree within the City of West Fargo right-of-way. For new construction, a tree planting deposit was collected at the time your building permit was issued. This deposit gets refunded to the resident after the trees have been installed. Please fill out the form and submit it **prior** to planting any trees. When the form is received, our forestry department will stake the allowable locations of the trees. Please notify the forestry department after the trees have been planted to receive the deposit back. For any additional information please call (701) 515- 5400.
