BACK-TO-SCHOOL SAFETY

The West Fargo Police Department wants all students to return to school safely by remembering the following safety tips:

Students who cross the street should cross in front of the bus. Students should wait to cross the street until instructed by the bus driver.

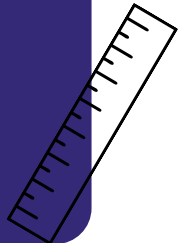

Students should not approach the bus from the bus stop before the door is opened.

Students should remain seated when the bus is in motion. Remain seated until the entrance door is opened.

Outside, students should remain on the sidewalk at least 10 feet from the bus at all times.
